Designed in the USA. Made in India.

OUR JOURNEY TO EXCELLENCE

- **5 Years, 10 Design Revisions:** Stratus has continuously improved, with each version outperforming the last.
- **2 Years of Design Excellence in the USA:** Focused on integrating world-class technologies to enhance operational effectiveness.
- **Industry-Driven Design:** Made in consultation and collaboration with industry partners.
- **Spruce Up's Brand Recognition:** Spruce Up pioneered heavy vacuum litter picker technology in India, creating and dominating this category.
- **JATAYU's Pan India Recognition:** Post-launch, JATAYU quickly gained fame. Most litter pickers in India are referred to as "JATAYU machines."
- **Local and Global Reach:** 250+ machines deployed in India and worldwide, and more than 20,000 tons of waste collected.
- **Decade of Experience:** We bring a decade of experience developing and commercializing robust, original cleaning technologies.

DESIGNED AROUND 4 CORE PRINCIPLES

CAPABLE | EASY | RELIABLE | AFFORDABLE

STRATUS

STRATUS
EV02

CLEAN FAST. UP TO 4000 SQ. FT PER MINUTE

CAPABLE

- 1 acre of thorough cleaning up to under 10-minute turnaround time.
- Effortless and quick cleanup with 2.4 m total cleaning width at up to 10 kmph speed. Impressive vacuum width up to 1.7 m.

VACUUM FINISH WITH SPRUCE UP AIR BLASTER TECHNOLOGY

- *Revolutionary Spruce Up Air Blaster Technology always delivers an impeccable finish and removes even the finest dust and debris.*
- *Delivers pristine paths and flawless finishes, no matter the weather.*

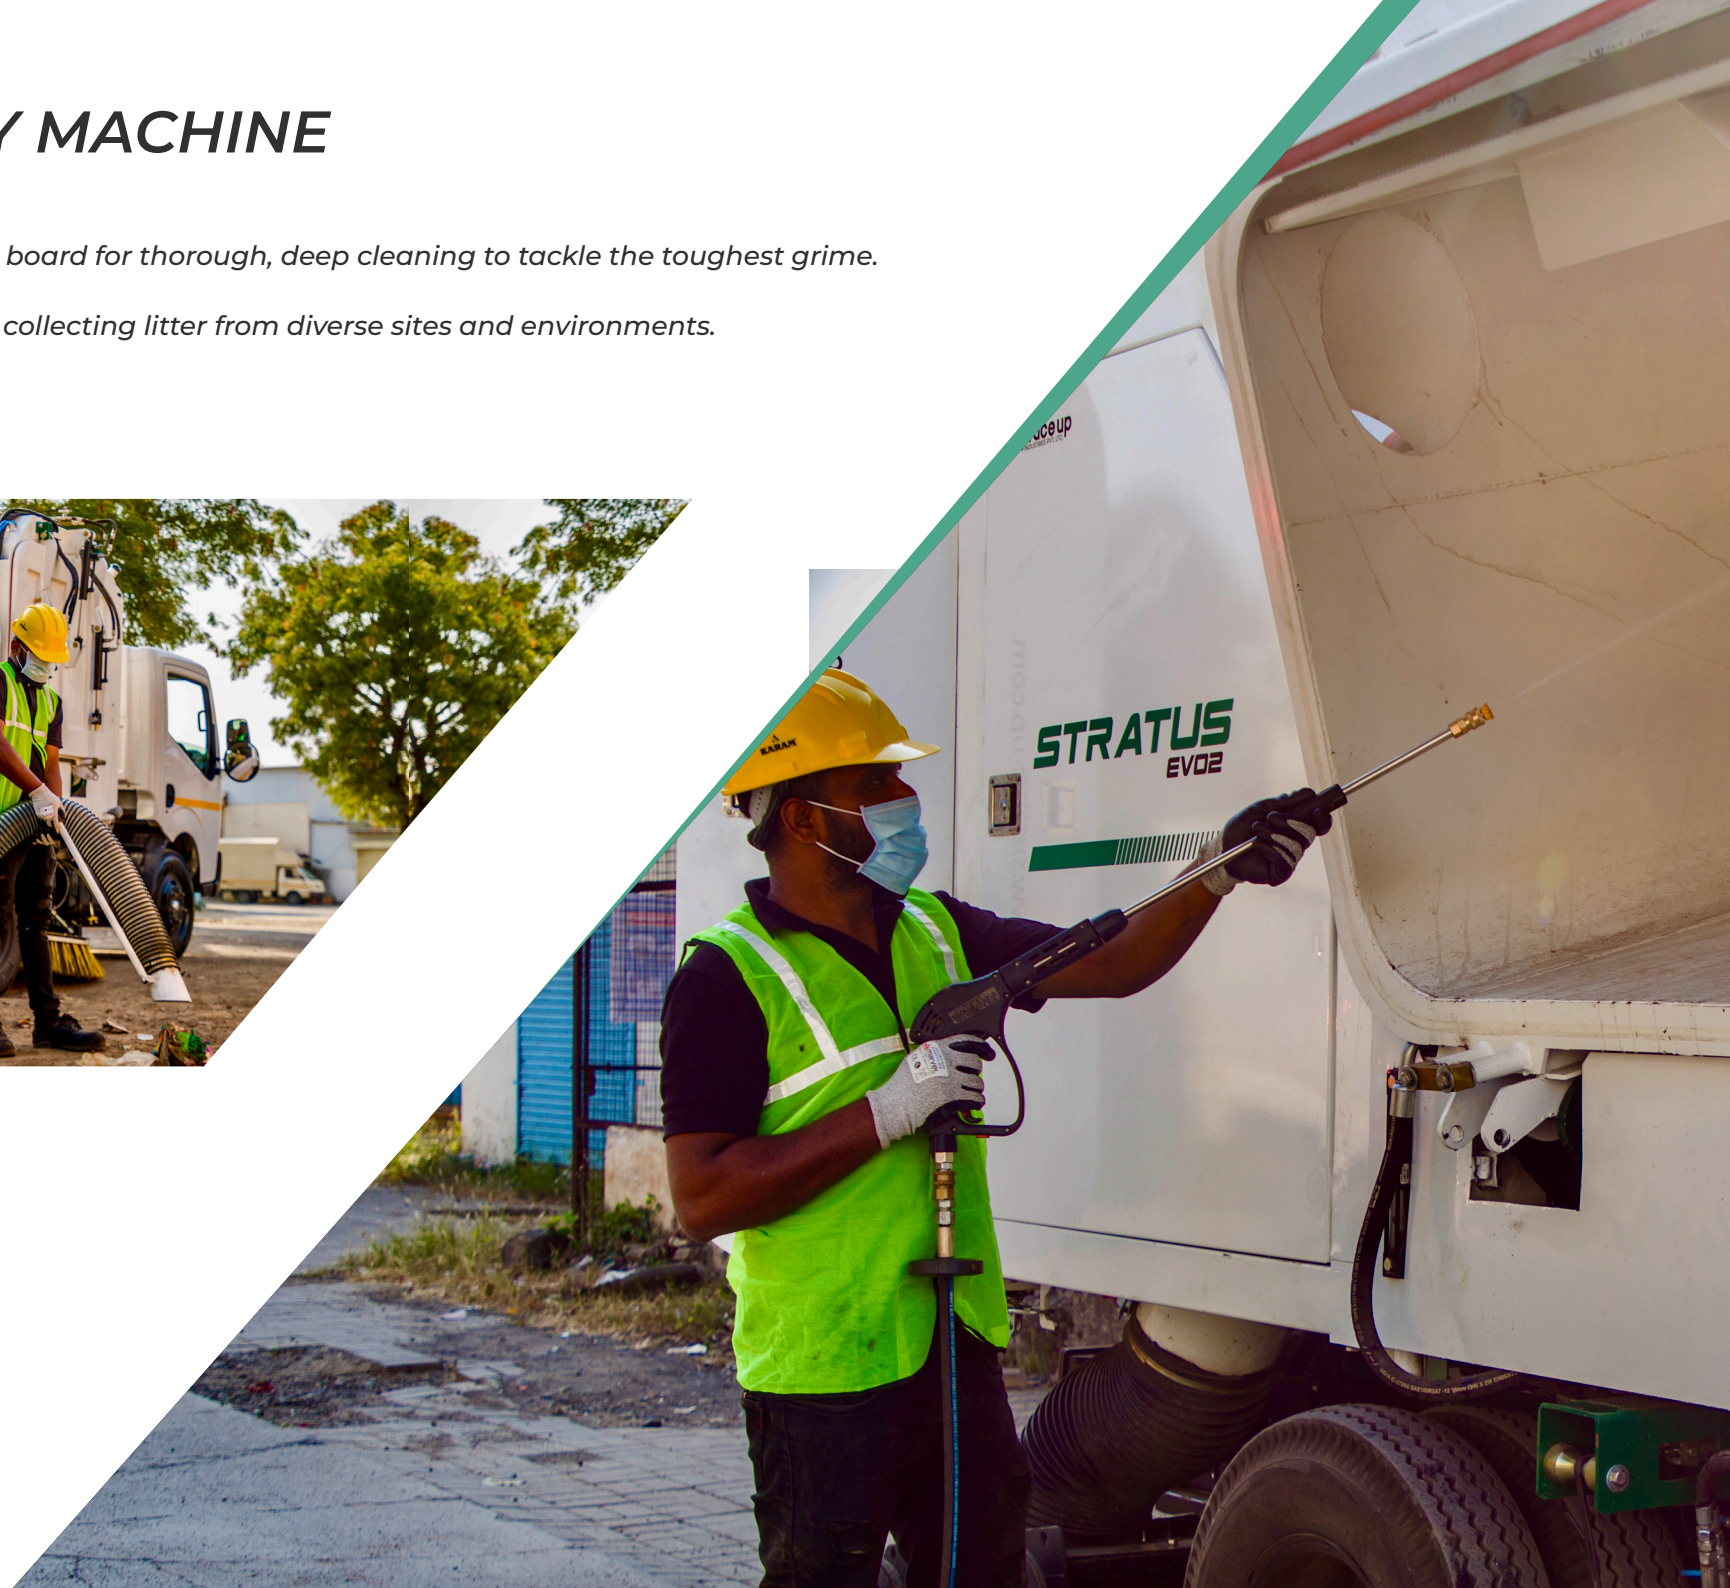

CAPABLE

VERSATILE CLEANING CAPABILITY

- *From leaves to litter, & stones to dust, this ultra-wide vacuum swiftly tackles vast areas with unmatched efficiency.*
- *Reliable and robust, it consistently cleans every road, in all seasons.*

MULTI-UTILITY MACHINE

- A high-pressure washer on board for thorough, deep cleaning to tackle the toughest grime.
- Heavy-duty litter picker for collecting litter from diverse sites and environments.

EASY

EASY TO OPERATE

- One-button quick-start/stop to initiate work mode. Simplify operations with a user-friendly interface for effortless operations.
- With sedan-like maneuverability, this machine navigates tight spaces and cleans efficiently, even in congested areas.

EASY TO DUMP

- Effortless dumping with 50° tilt, large doors, and rounded corners ensures quick and safe disposal of debris and increases productivity.
- Clear hopper visibility from the cabin during dumping. Operators can monitor the dumping process directly from the driver's seat.

EASY

EASY TO CLEAN

- 1 Button grill drop-down for easy clean up. A single press for rapid access and straightforward maintenance.
- Rounded corners and an easy-to-wash hopper design with quick access to the pressure washer.

EASY TO MAINTAIN

- *Hassle-free filter maintenance with easy reach from the ground for effortless upkeep.*
Focus more on productivity and less on maintenance.
- *Quick and seamless broom angle changes with just one tool for maximum convenience and minimum effort.*

RELIABLE

INTERNATIONAL-GRADE COMPONENTS

- Premium SS hopper with a lifetime warranty.
- Best parts, sourced from around the globe.

WELL ENGINEERED PRODUCT

- Engineered in the USA, manufactured in India.
- 500+ points rigorous quality check process.

WORRY-FREE WARRANTIES

- *Trusted protection with comprehensive, multi-year warranties.*
- *Multiple AMC plans to fit your needs and ensure cost consistency.*

RELIABLE AFTER SALES

- *Pan-India service coverage for total peace of mind.*
- *Curated service and repair kits for quick on-site access to spares.*

Our Design, Our Build. Our Spares

www.spruce-up.com

SPRUCE UP PARTS SHOP

- *Same-day* spare dispatch for parts.*
- *30 mission-critical parts, always stocked.*
- *Online access for quick ordering.*
- *Our design, our build. We have every spare part you'll ever need.*

**T&C apply*

RELIABLE

ASSISTANCE ANYTIME, ANYWHERE

Spruce Up Genie offers professional video support and instant service.

- Expert assistance available instantly, anytime, anywhere.
- Virtual on-site diagnoses by trained professionals.
- Continuous training and support service on demand.

TOTAL TRAINING SOLUTION

Spruce Up Train Pro ensures complete training solutions with

- Comprehensive operator training with Certification.
- On-demand, regional language video library for remote learning.
- Expert-led online assessments to verify learning outcomes.

AFFORDABLE

BEST TOTAL COST OF OWNERSHIP

- *Reduces long-term costs through enhanced durability.*
- *Engineered for longevity and consistent performance.*
- *Strategic part placements for easy access and faster care.*

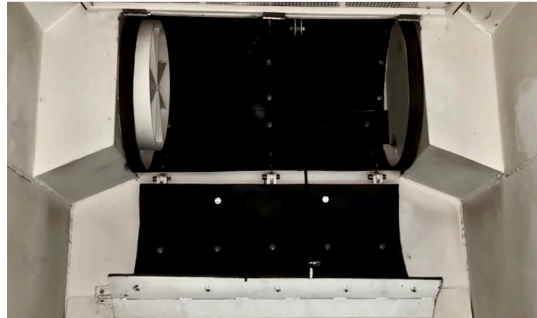

WORLD-CLASS QUALITY, AFFORDABLE COST

- *Top-of-the-line, international-grade components used in the machine.*
- *Affordable competitive pricing from Indian manufacturing.*
- *Dependable, easy-to-access local support for reliable service.*

CUTTING-EDGE FEATURES AT A GLANCE

*Revolutionary Spruce Up
Air Blaster Technology.*

*Centrifugal Separator for Efficient
Dust Separation.*

*Quick Mid-Dump Hopper Design
for Faster Turnaround.*

*Litter Picker for Diverse
Litter Collection.*

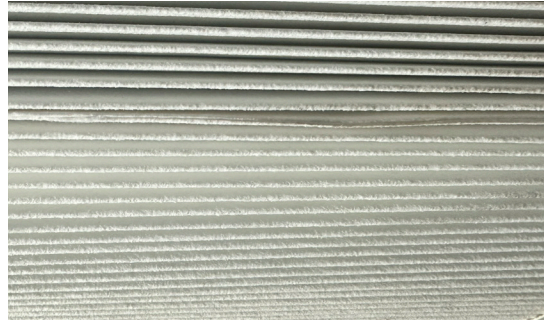

*Rear Engine and Rear Head
for Ease of Maintenance.*

*Simple, Ergonomic
One-Button Operation.*

High-Pressure Washer for Maximum Cleaning.

PM10 Exhaust Filters for Cleaner, Safer Air Quality.

Self-Cleaning Exhaust Filters for Uninterrupted Performance.

Ground-Level Dust and Filter Access for Quick Cleanout.

Sedan-Like Maneuverability.

Single-Tool Broom Adjustments.

DETAILED TECH SPECIFICATIONS

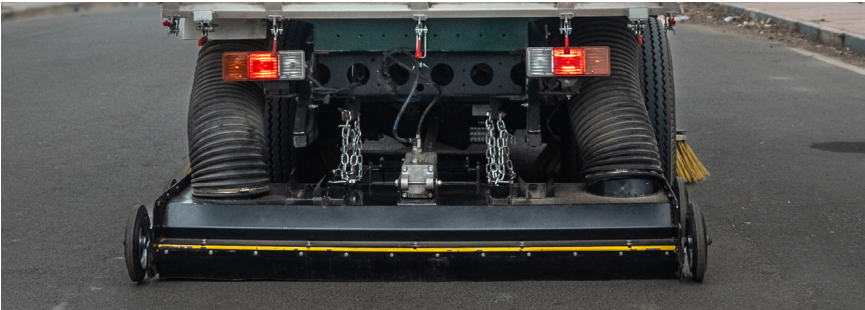

Sweeping Path and Speed	Specifications
Pickup Head Only	1700 mm
Pickup Head and One Gutter Broom	2050 mm
Pickup Head and 2 Gutter Broom	2400 mm
Speed	Up to 10 kmph
Total Cleaning per Hour	Up to 250,000 sq.ft per hour

Chassis	Specifications
Model/Type	Partner 6 Tyre
Manufacturer	Ashok Leyland
Standard GVWR	7490 kg

Sweeping Head	Specifications
Type	Dual Chambered Full Width Adjustable Blast Orifice
Operating Direction	Forward and Reverse
Hoses Diameter	10 inch (254 mm)

Debris Hopper	Specifications
Volumetric Capacity	2 cubic meters
Construction	Stainless Steel
Type of Dumping	Hydraulic Side Dump
Controls	Electric, in Cab
Dumping Height with Bridge	2.4 ft
Dumping Tilt Angle	50 degrees

Accessories	Specifications
High-Pressure Washer	80 bar
Reel Length	10 m
Water Tank	1000 litres
Litter Picker	5 in dia

“ 10 Years Ago

Spruce Up launched JATAYU, India's first litter picker, now a trusted name with 250+ machines across India and exports to the USA, Japan, Australia, and New Zealand.

A Decade of Progress

Building on JATAYU's success, Stratus was developed to be capable, easy to use, reliable, and affordable.

Industry Collaboration

Stratus was shaped over five years with ten design refinements, created in consultation and collaboration with industry partners to meet real-world needs.

Global Expertise

Design excellence was refined in the USA for 2 years, integrating advanced global technology for superior local performance.

Manufactured in India

Using the best international-grade materials and components, Stratus offers world-class quality at an affordable cost, made to handle the toughest tasks with ease.”

EFFORTLESS OPERATION. UNMATCHED DURABILITY.
